FREE FOOD!

Large segments of the U.S., Central America and Canada will experience a pair of solar eclipses in the next year

Learn about the annular solar eclipse on October 14, 2023, and the total solar eclipse on April 8, 2024

Learn how YOU can get engaged in this very rare opportunity!

Guest Speaker David Koster NASA Solar Eclipse Ambassador

Solar Eclipses and Popular Astronomy

TRIVIA & PRIZES!

“Astronomers are thrilled to show you the ropes. You won’t get rid of us! We want to spread the joy.”

“ When you get into the mode of stimulating someone’s imagination with something they’ve never seen before, it’s remarkable. Incredible discoveries!”

‘We are where we are’
